June 17, 1969

KENNELLY, JOHNSTON, ROBERTS RECEIVE DISTINGUISHED TEACHER AWARD

Dr. Bruce Kennelly (Head, Chemistry Department) Robert M. Johnston (Mechanical Engineering) and Mrs. Alice E. Roberts (Education) received the Distinguished Teacher Award presented by the California State Colleges at a faculty academic senate meeting on campus June 2.

Kennelly, on the Cal Poly faculty since 1947, believes a distinguished teacher must have the "ability to stimulate thinking and present relevant knowledge in an interesting and responsive manner."

Kennelly has conducted research under four separate grants -- National Science Foundation, Armour, Scholarship Federation and National Academy of Sciences. His research interest areas involve lipid metabolism, enzyme kinetics, food additives and world-wide nutrition.

He has authored three textbooks: Experiments in Organic Chemistry, Agricultural Biochemistry and Applied Biochemistry. His prime interest though is classroom teaching.

Kennelly earned his bachelor of science degree in chemistry at the University of Kentucky in 1944, obtained his master of science degree from Purdue University in 1946 and his doctorate at Cornell University in 1952. He has done graduate work at the University of Southern California and has served as a chemical consultant for a number of industries, and for educational and governmental projects.

Johnston joined the Cal Poly faculty in 1946. He says his "greatest inspiration comes from seeing students sufficiently motivated by my efforts in the classroom that they begin to apply their knowledge to practical engineering situations."

Johnston instructs classes in drafting, strengths of materials and kinematics (motion in machine parts).

He obtained a bachelor of arts degree from Santa Barbara State College (now University of California at Santa Barbara) in 1937. He did graduate study in meteorology at the Boeing School of Aeronautics. After seven years as a meteorologist with Pan American Airways and Capital Airlines, and two years as a civil engineer with the California Division of Highways, Johnston joined the Cal Poly faculty.

In his spare time he designs teaching aids for use in his classes.

Mrs. Roberts, who taught in the West Bend, Wisc., public schools following her graduation from the Milwaukee State Teachers College in 1939, left the teaching ranks upon her marriage in 1942. Fourteen years later, concerned about the quality of teaching, she returned to the classroom. Her re-introduction to teaching followed service as a member of the West Bend school board. As a school board member, Mrs. Roberts enrolled in special classes at the University of Wisconsin's Milwaukee

KENNELLY, JOHNSTON, ROBERTS RECEIVE DISTINGUISHED TEACHER AWARD (Continued)

campus. She became interested in innovative teaching methods. In order to put in to practice some of her own ideas on innovative teaching methods, Mrs. Roberts returned to classroom teaching.

At Cal Poly, Mrs. Roberts is working with future elementary school teachers, attempting to inspire in them the philosophy of utilizing innovative methods which will in turn motivate the pupils to better achievement.

The recipients of the Distinguished Teacher Award are nominated by their peers and the designees are chosen by a committee of their peers. Dr. Douglass Miller, faculty emeritus, was chairman of this year's committee.

HAROLD J. HENDRIKS RECEIVES SPECIAL SERVICE AWARD

Harold J. Hendriks (Electronic Engineering) received the Special Service Award presented by the Institute of Electrical and Electronic Engineers (Santa Barbara Section) at a students' night program of the professional society recently. Hendriks has served as faculty adviser for the Cal Poly section of the I.E.E.E. and its predecessor the Institute of Radio Engineers, for a total of 12 years. The student section has been recognized nationally for its large, active student group. Hendriks has been a member of the Cal Poly faculty since 1952.

Attending the presentation session were Hendriks, Fred H. Steuck, Harry Hazebrook and Jacob Sabto (all Electronic Engineering) and 32 Electronic and Electrical Engineering student members of the I.E.E.E.

DANIEL H. RIDDER NOW HEADS STATE COLLEGE TRUSTEES

At the May 28 meeting, the State College Board of Trustees elected Daniel H. Ridder as chairman and Mrs. Philip Conley as vice-chairman for 1969-70. Ridder, of Long Beach, is co-publisher of the Long Beach Independent-Press-Telegram and is director and vice-president of Twin Coast Newspapers, Inc. He is a director of the U.S. National Bank of San Diego. A graduate of Princeton University, he has been a member of the Board of Trustees since 1962. He succeeds Theodore Meriam of Chico as chairman. Mrs. Conley of Fresno is the wife of Judge Philip Conley of the Fourth Appellate District Court of Appeals.

The Board of Trustees also named Harry E. Brakebill, vice-chancellor of business affairs as the new executive vice-chancellor upon the retirement of Dr. Raymond A. Rydell. The board extended the employment of Dr. Malcolm A. Love as president of San Diego State College for the fiscal year 1969-70. Love is beyond the age of 65. Dr. Otto Butz was named acting president of Sacramento State College.

SUMMER QUARTER ENROLLMENT INCREASES BY 320

Enrollment for Summer Quarter classes yesterday (Monday, June 16) totalled 2,504. This compares to 2,184 for the Summer Quarter, 1968. Students have until Tuesday, June 24 to register for the Summer Quarter. Classes began today (Tuesday, June 17).

FORTY-TWO OF SUPPORT STAFF ARE PROMOTED

Forty-two members of Cal Poly's support staff have been promoted to higher level positions within the College during recent weeks according to Milton Piuma (Staff Personnel Officer). The individuals promoted are listed below according to their school (or division) and department as well as their new classification.

Administration

Naomi Arey, Director of Research & Development	Departmental Secretary I
Robin Barnes, Director of Institutional Studies	Departmental Secretary I
Sammie Dodds, Associate Dean Curriculum and Planning	Departmental Secretary I
Bernita Persall, Director of International Education	Departmental Secretary I
Linda Price, Associate Dean Special Programs and Educational Services	Departmental Secretary I
Mary Scrivner, President's Office	Senior Secretary
Diane St. John, Associate Dean Facilities Planning	Departmental Secretary I

Agriculture

Geneva Blair, Agriculture Management	Departmental Secretary I
Jane Mills, Crops-Dairy	Departmental Secretary I
Rosa Northcutt, Ornamental Horticulture	Departmental Secretary I
Sharon Pollard, Animal Husbandry	Departmental Secretary I
Diann Scott, Soils Science	Departmental Secretary I
Jean Starkey, Poultry	Departmental Secretary I

Applied Arts

Sharon Ernstrom, Education	Departmental Secretary I
Lorraine Ridgeway, Business Administration	Departmental Secretary I
Esther Roberts, Athletic Director's Office	Departmental Secretary I
Diana Schlitz, Physical Education	Departmental Secretary I
Betty Smith, Printing Technology & Management	Departmental Secretary I

Applied Sciences

Ken Bosier, Biological Sciences	Technical Assistant II
Patricia Carson, Chemistry	Departmental Secretary I
Barbara Ciesielski, Physics	Departmental Secretary I
Yvonne Dengler, Social Sciences	Departmental Secretary I
Patricia Knapp, Biological Sciences	Departmental Secretary I
Gwendolyn Lighthall, College Library	Library Assistant II
Joan Stadt, College Library	Departmental Secretary I

Architecture

Kathy Hebert	Clerical Assistant II-B
--------------	-------------------------

Business Management

Doris Anderson, Payroll Services	Payroll and Personnel Transactions Clerk III
----------------------------------	--

FORTY-TWO OF SUPPORT STAFF ARE PROMOTED (Continued from Page 3)

Business Management (continued)

Catherine Nolan, Accounting Office

Supervising Account
Clerk I

Valerie Steinman, Accounting Office

Bookkeeping Machine
Operator II

Joseph Winn, Purchasing Office

Stock Clerk

Engineering

Lorraine Bodoh, Aeronautical

Departmental Secretary I

Jackie Burns, Electronic

Departmental Secretary I

Cassie Harris, Industrial Technology

Departmental Secretary I

Rita Henry, Electrical

Departmental Secretary I

John Mudgett, Industrial Technology

Equipment Technician II

Susan Nielsen, Manufacturing Processes

Departmental Secretary I

Yvonne Southgate, Mechanical

Departmental Secretary I

Jean Steck, Industrial

Departmental Secretary I

Marie Williams, Environmental

Departmental Secretary I

Student Affairs

Trudy Beck, Activities

Departmental Secretary I

Lila Carpenter, Counseling

Departmental Secretary I

Lee Erbland, Foreign Students

Departmental Secretary I

Margaret Nelson, Housing

Departmental Secretary I

PERSONNEL OFFICE DEVELOPS HOUSING RENTAL LIST FOR FACULTY

The critical housing shortage in the San Luis Obispo area has prompted Cal Poly to seek listings of houses and apartments within commuting distance of the college. Over 150 new faculty and staff members are in need of housing prior to the opening of the Fall Quarter on September 15. Larry Voss, director of personnel relations, has requested that landlords list their rentals with the Cal Poly Personnel Office.

CAL POLY HAS TWO PERSIAN PRINCESSES

For a while Ghazeleh Rouhani was the only "Persian Princess" in the Ornamental Horticulture Department. Now there are two.

A new variety miniature rose developed by plant breeder Ralph Moore, Sequoia Nursery, Visalia, also bears the name "Persian Princess" -- named after Miss Rouhani in fact.

A year ago Moore visited Cal Poly and the department during the California Association of Nurserymen's annual Refresher Course. There he met Miss Rouhani, who, he said, provided inspiration for the rose's name.

Cal Poly Report is produced by the Office of Information Services, Administration 210. Material should be submitted in writing prior to noon on Friday.

CAL POLY CAPTURES SECOND NCAA TRACK CHAMPIONSHIP

Depth paid valuable dividends last Saturday (June 14) in Ashland, Ohio, for the Cal Poly track team when the thin-clads turned in an unbelievable 76-point performance to capture its second straight National Collegiate Athletic Association championship. Runner-up Occidental scored 43 points.

Cal Poly won the 100-yard dash, 880-yard run and 440-yard relay. The Mustangs earned 46 of their winning points in second, third, fourth, fifth and sixth place finishes in the seven events of the national championship meet.

Sprinter Ruben Smith copped first place honors in the 100 with a 9.8 clocking. Distance specialist Mathyas Michael set a new Cal Poly record, winning the 880-yard run in 1:49.6. The old mark of 1:50.6 was set by Michael May 24 in the California Collegiate Athletic Association championships.

The Mustang's 440-yard relay team of Manuel Murrell, Leo DeWinter, Smith and Jim Edmondson ran away from the rest of the field to win with a 41-seconds flat time.

Cal Poly was able to send the depth-laden 20-man team to the nationals thanks to contributions from interested local citizens. Student government allotted \$3,100 for the trip to Ohio. Contributions made up the other \$1,000 needed to cover expenses. The primary donor was Miss Anita Hathway who contributed \$900.

1969 GRADUATE EXPRESSES APPRECIATION FOR POLY EDUCATION

President Kennedy received the following letter from Edward C. Jennings, San Jose, who received a bachelor of science degree in Animal Husbandry during the 1969 commencement:

"Dear President Kennedy:

"I am a member of the class of 1969. I wish to take this opportunity to say a few words. It is very difficult to sum up six years of college in any one or more phrases, however the phrase I'll use is Thank You.

"As I look back over this experience, the many problems and trying events I have had were always made more manageable by your actions as a member of the faculty or staff. It is this assistance that the people of Poly gave so abundantly that permitted me to reach for and obtain this graduation day.

"I wish to thank you and your staff for the hours and labor they have performed both known and unknown to me, but which I have come to know simply as Poly.

"I will work within my profession and my community always for improvement taking the spirit of Poly with me. I have but one prayer and it is that the faith you and Poly have had in me will not have been in vain."

<p><u>Cal Poly Report</u> is produced by the Office of Information Services, Administration 210. Material should be submitted in writing prior to noon on Friday.</p>

COMING EVENTS -- COMING EVENTS -- COMING EVENTS

Floral Design Short Course -- Continuing through June 27, all day, Ornamental Horticulture Unit. Short course in floral design for floral shop employees; co-sponsored by Cal Poly's Ornamental Horticulture Department and the American Institute of Floral Design. By registration.

Irrigation Water Management Workshop -- Monday, June 16, through June 27, all day, Graphic Arts Building Room 100. Short course for employees of Soil Conservation Service from throughout the Western United States; sponsored by SCS and hosted by Cal Poly's Agricultural Engineering Department. By invitation.

Aerospace Education Workshop -- Monday, June 16, through Friday, June 20, all day, Engineering Auditorium (formerly Air Conditioning Auditorium) and Business Administration and Education Building Room 215. Second annual workshop in aerospace education for elementary and secondary school teachers; sponsored by Cal Poly's Education Department. By registration.

Air Pollution Control Short Course -- Monday, June 16, through, Friday, June 20, all day, Graphic Arts Building Room 104. Short course on air pollution control for high school and junior college teachers from throughout California; sponsored by Cal Poly's Environmental Engineering Department. By registration.

Summer Quarter Classes Begin -- Tuesday, June 17, campus. Summer Quarter classes begin for Cal Poly students.

CATA Skills Week -- Tuesday, June 17, through Saturday, June 21, all day, campus. Workshops in various agricultural skills for high school and junior college agriculture teachers from throughout California, co-sponsored by Cal Poly's School of Agriculture, the California Bureau of Agricultural Education, and the California Agricultural Teachers Association. By registration.

NASA Spacemobile Demonstration -- Wednesday, June 18, 7:30 p.m., Engineering Auditorium (formerly Air Conditioning Auditorium). Program featuring demonstrations and displays of various craft being used in U.S. space program by the National Aeronautics and Space Administration; sponsored by Cal Poly's Education Department. Public invited.

CATA Summer Conference -- Monday, June 23, through Friday, June 27, all day, campus. Annual conference of the California Agricultural Teachers Association; co-sponsored by CATA, Cal Poly's School of Agriculture, and the California Bureau of Agricultural Education. By registration.

Late First Summer Session Registration -- Monday, June 23, 8 a.m. to 12 noon, Administration Building Rooms 106-107. Late registration for the first Summer Session for Cal Poly students; regular registration in advance by mail.

First Summer Session Classes Begin -- Tuesday, June 24, Campus. First Summer Session classes begin for Cal Poly students.

Late Summer Quarter Registration -- Tuesday, June 24, Administration Building Room 219. Final day to register for Summer Quarter classes for Cal Poly students.

(Continued on Page 7)

COMING EVENTS (Continued from Page 6)

Final First Summer Session Registration -- Thursday, June 26, Administration Building Room 219. Last day to register for First Summer Session classes for Cal Poly students.

Concert Under the Stars -- Sunday, June 29, 6 p.m., Amphitheater. Concert of folk music sponsored by Cal Poly's Associated Students, Inc., Public invited.

Floral Management Workshop -- Monday, June 30, through Friday, July 4, all day, Ornamental Horticulture Unit. Workshop in management of florist operations; sponsored by Cal Poly's Ornamental Horticulture Department. By registration.

Noon Speakers Series -- Tuesday, July 1, 12 noon, Engineering West Building Patio. Discussion of "Santa Barbara Oil, Who Needs It?" by Santa Barbara News-Press columnist Robert Sollen, sponsored by Cal Poly's Associated Students, Inc. Public invited.

Noon Speakers Series -- Wednesday, July 2, 12 noon, Engineering West Building Patio. Address titled "Mexican--Mexican--American--Chicano, An Historical Overview" by Ralph Alvarez, community activities coordinator for the Lucia Mar Unified School District; sponsored by Cal Poly's Associated Students, Inc. Public invited.

BIOLOGICAL SCIENCES FACULTY HONORS DR. HOOVER

Faculty of the Biological Sciences Department held a barbecue in Poly Grove on June 3 honoring Dr. and Mrs. Robert F. Hoover. Hoover will retire Sept. 1. Hoover joined the Cal Poly faculty in 1946. He is a fellow of the California Academy of Sciences and has just completed the manuscript for his "Flora of San Luis Obispo County". A plaque designating the college plant collection as the Robert F. Hoover Herbarium was unveiled at the barbecue. Dr. Hoover collected the plants. It now represents one of the largest and finest collections of plant material in Central California. The collection is housed in 40 steel cabinets in the Science North building. Hoover is active in the Sierra Club and the California Native Plant Society.

AGRICULTURAL TEACHERS LEARN NEW TECHNIQUES AT CAL POLY

About 150 California high school agricultural teachers are on campus this week for the annual Skills Week jointly sponsored by Cal Poly, the State Bureau of Agricultural Education and the California Agricultural Teachers' Association. The teachers are enrolled in concentrated special classes in Agricultural Engineering, Ornamental Horticulture, Poultry Industry, Natural Resources Management and Crops. They will be joined next week by another 600 high school and junior college agricultural teachers for the annual CATA Summer Conference. Dan Moore, special assistant to the publisher, Los Angeles Times, will be the conference keynote speaker. The week-long conference includes professional improvement session, the annual Administrator's Day, and an awards banquet at which seven outstanding agricultural teachers are honored. Conference sessions will be held in the Little Theater.

OPENINGS ON COLLEGE SUPPORT STAFF LISTED BY PERSONNEL OFFICE

Two openings on the support staff of the college have been announced by Milton Piuma (Staff Personnel Officer). Descriptions of both positions are posted, along with information on other openings that have been announced recently, on the bulletin board located in the Personnel Office, Adm-111, 546-2236. Brief specifications for the newly announced positions are:

Clerical Assistant (Stenography) II, Range B (\$446-\$543). Maintenance and Operations Department, Business Management Division. Takes dictation and transcribes shorthand notes; acts as office receptionist; prepares student payroll; maintains records of financial operations, attendance, key inventory, office supplies, and lost and found; files and operates office machines. Applicants must have passed General Clerical Test, take dictation at 90 wpm, and type 45 wpm. Position vacant approximately July 1.

Clerical Assistant (Typing) II, Range A (\$415-\$505). Admissions Office, Student Affairs Division. Interviews and advises applicants for admission concerning college curriculum offerings; reviews and processes applications for admission documents. Prepares and mails form letters and materials to applicants. Candidates must have passed General Clerical Test and type 45 wpm. Position available July 1.

PUBLIC INVITED TO SPACE LECTURE-DEMONSTRATION

Cal Poly faculty and staff are invited to view the National Aeronautics and Space Administration's space mobile when it appears on campus tomorrow (Wednesday) June 18.

Discussions and demonstrations of aeronautics, rocketry, propulsion systems, satellites, probes, orbits, communications, human factors and manned spacecraft will be included in the hour-long program.

The program will begin at 7:30 p.m. in the Engineering (formerly Air Conditioning) Auditorium. There is no charge for admission.

The lecture-demonstration is being presented in conjunction with the Workshop on Aerospace Education now, through Friday, June 20, at Cal Poly. The workshop for educators was arranged by Ralph Collins (Education Department).

ANTIQUE TYPE EARNS SCHOLARSHIPS FOR PRINTERS

It isn't called "rent a type face" but it could be. The latest form of ingenuity to come from the Printing Technology and Management Department of California State Polytechnic College is a rental service of antique type faces.

The unique idea comes complete with a mail order catalog illustrating the more than 200 little-known and antique faces making up the college's Shakespeare Press Museum. Commercial printers and advertising agencies select the type face they wish to use from the catalog, then mail the material to be printed along with the catalog number of the type. Volunteer printing students set the type and make reproduction proofs which are mailed to the client. The user of the service is asked to donate to the department's scholarship fund.
